CENTERPOINT ENERGY, INC.
(Exact name of registrant as specified in its charter)

1111 Louisiana
Houston Texas 77002
(Address of principal executive offices)

(713) 207-1111

Check the appropriate box if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (see General Instruction A.2. below):

☐ Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
☐ Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
☐ Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Check the appropriate box to designate the rule or rules pursuant to which this Form 8-K is filed:
☒ Exchange Act of 1934
☐ Securities Act of 1933

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2).

Emerging Growth Company ☒

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐
Item 7.01. Regulation FD Disclosure.

On December 7, 2020, CenterPoint Energy, Inc. ("CenterPoint Energy") posted a slide presentation on its website to provide information regarding CenterPoint Energy’s multi-year outlook for maximizing value for its stakeholders through a combination of a utility-focused strategy and execution on the recommendations from the Business Review and Evaluation Committee of CenterPoint Energy’s Board of Directors in connection with CenterPoint Energy’s hosting of a virtual Investor Day on such date. A copy of the slide presentation is attached to this Current Report on Form 8-K as Exhibit 99.1, which slide presentation is incorporated by reference herein.

Exhibit 99.1 is furnished, not filed, pursuant to Item 7.01. Accordingly, none of the information will be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liability of that section, as amended, and the information in Exhibit 99.1 will not be incorporated by reference into any registration statement filed by CenterPoint Energy under the Securities Act of 1933, as amended, unless specifically identified as being incorporated by reference.

Item 9.01. Financial Statements and Exhibits.

Exhibit 99.1 is furnished, not filed, pursuant to Item 7.01. Accordingly, none of the information will be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liability of that section, as amended, and the information in Exhibit 99.1 will not be incorporated by reference into any registration statement filed by CenterPoint Energy under the Securities Act of 1933, as amended, unless specifically identified as being incorporated by reference.

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

CENTERPOINT ENERGY, INC.

Date: December 7, 2020

By: /s/ Kristie L. Calvin

Kristie L. Calvin
Senior Vice President and Chief Accounting Officer
Forward-Looking Statements

This presentation and the oral statements made in connection herewith contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All statements other than statements of historical fact included in this presentation and the oral statements made in connection herewith are forward-looking statements made in good faith by CenterPoint Energy, Inc. (“CenterPoint Energy” or the “Company”) and are intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995, including statements concerning CenterPoint Energy’s expectations, beliefs, plans, objectives, goals, strategies, future operations, events, financial position, earnings and guidance, growth, impact of COVID-19, costs, prospects, capital investments or performance or underlying assumptions (including future regulatory filings and recovery, liquidity, capital resources, balance sheet, cash flow, capital investments and management, financing costs and rate base or customer growth) and other statements that are not historical facts. You should not place undue reliance on forward-looking statements. Actual results may differ materially from those expressed or implied by these statements. You can generally identify our forward-looking statements by the words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “forecast,” “goal,” “intend,” “may,” “objective,” “plan,” “potential,” “predict,” “projection,” “should,” “target,” “will,” or other similar words. The absence of these words, however, does not mean that the statements are not forward-looking.

Examples of forward-looking statements in this presentation include statements about our growth and guidance (including earnings and customer growth, capital investment plan and opportunities, utility and rate base growth expectations, taking into account assumptions and scenarios related to COVID-19), operations and maintenance (“O&M”) expense management initiatives and projected savings therefrom (as well as O&M per customer figures), the potential sale of certain of our natural gas local distribution companies (which, among other things, would be subject to future management and board approval), future financing activities (including equity issuances), balance sheet strengthening and target adjusted total parent debt to adjusted consolidated debt ratio, activities and transactions related to our investment in Enable Midstream Partners, LP ("Enable"), our regulatory activities, filings and projections (including capital recovery mechanisms and the Integrated Resources Plan as proposed in Indiana, including the anticipated timeline and benefits under its preferred portfolio), our credit quality and balance sheet expectations, environmental, social and governance related matters, including our carbon emissions reduction targets, continuous improvement plans and customer service initiatives, among other things. We have based our forward-looking statements on our management’s beliefs and assumptions based on information currently available to our management at the time the statements are made. We caution you that assumptions, beliefs, expectations, intentions, and projections about future events may and often do vary materially from actual results. Therefore, we cannot assure you that actual results will not differ materially from those expressed or implied by our forward-looking statements.

Some of the factors that could cause actual results to differ from those expressed or implied by our forward-looking statements include but are not limited to (1) the performance of Enable, the amount of cash distributions CenterPoint Energy receives from Enable, and the value of CenterPoint Energy’s interest in Enable; (2) CenterPoint Energy’s expected benefits of the merger with Vectren Corporation (Vectren) and integration, including the ability to successfully integrate the Vectren businesses and to realize anticipated benefits and commercial opportunities; (3) financial market and general economic conditions, including access to debt and equity capital and the effect on sales, prices and costs; (4) industrial, commercial and residential growth in CenterPoint Energy’s service territories and changes in market demand; (5) actions by credit rating agencies, including any potential downgrades to credit ratings; (6) the timing and impact of future regulatory and legal proceedings; (7) legislative decisions, including tax and developments relating to the environment such as global climate change, air emissions, carbon, waste water discharges and the handling of coal combustion residuals, among others, and CenterPoint Energy’s carbon reduction targets; (8) the impact of the COVID-19 pandemic; (9) the recording of impairment charges, including any impairments related to CenterPoint Energy’s investment in Enable; (10) weather variations and CenterPoint Energy’s ability to mitigate weather impacts; (11) changes in business plans; (12) CenterPoint Energy’s ability to fund and invest planned capital, including timely and appropriate rate actions that allow recovery of costs and a reasonable return on investment; (13) CenterPoint Energy’s or Enable’s potential business strategies and strategic initiatives, including the recommendations and outcomes of the Business Review and Evaluation Committee, restructurings, joint ventures and acquisitions or dispositions of assets or businesses, which may not be completed or result in the benefits anticipated to CenterPoint Energy or Enable; (14) CenterPoint Energy’s ability to execute O&M management initiatives; and (15) other factors described in CenterPoint Energy’s Quarterly Reports on Form 10-Q or our annual reports on Form 10-K. We also refer you to the information we post on our website at www.sec.gov.

This presentation contains time sensitive information that is accurate as of the date hereof (unless otherwise specified as accurate as of another date). Some of the information in this presentation is unaudited and may be subject to change. We undertake no obligation to update the information presented herein except as required by law. Investors and others should note that we may announce material information using SEC filings, press releases, public conference calls, webcasts and the Investor Relations page of our website. In the future, we will continue to use these channels to distribute material information about the Company and to communicate important information about the Company, key personnel, corporate initiatives, regulatory updates and other matters. Information that we post on our website could be deemed material; therefore, we encourage investors, the media, our customers, business partners and others interested in our Company to review the information we post on our website.
Use of Non-GAAP Financial Measures

In this presentation and the oral statements made in connection herewith, CenterPoint Energy presents guidance basis Utility earnings per share (“Utility EPS”) based on adjusted diluted earnings per share, which is not a generally accepted accounting principles (“GAAP”) financial measure. CenterPoint Energy also refers to the non-GAAP financial measures of adjusted consolidated debt and adjusted total parent debt in this presentation and the oral statements made in connection herewith. Generally, a non-GAAP financial measure is a numerical measure of a company's historical or future financial performance that excludes or includes amounts that are not normally excluded or included in the most directly comparable GAAP financial measure.

Utility EPS includes net income from the Company's Houston Electric, Indiana Electric and Natural Gas Distribution business segments, as well as after-tax Corporate and Other operating income. The Utility EPS guidance range reflects dilution and earnings as if the Company’s Series B preferred stock converted on their mandatory conversion date. Utility EPS guidance range considers assumptions for certain significant variables that may impact earnings, such as customer growth and usage including normal weather, throughput, recovery of capital invested, effective tax rates, financing activities and related interest rates, regulatory and judicial proceedings. In addition, the Utility EPS guidance range assumes a continued re-opening of the economy in CenterPoint Energy's service territories throughout 2021. To the extent actual results deviate from these assumptions, the Utility EPS guidance range may not be met and our projected annual Utility EPS growth rate range may change. Utility EPS includes an allocation of corporate overhead based upon our Utility segments relative earnings contribution. Corporate overhead consists primarily of interest expense, preferred stock dividend requirements and other items directly attributable to the parent along with the associated income taxes, and considers certain significant variables that may impact earnings. Utility EPS excludes (a) earnings or losses from the change in value of the Company's 2.0% Zero-Premium Exchangeable Subordinated Notes due 2029 ("ZENS") and related securities, (b) certain expenses associated with merger integration, and (c) Midstream Investments, including associated income from the Enable preferred units and a corresponding amount of debt in addition to an associated allocation of corporate overhead based on relative earnings contribution. Utility EPS guidance also does not include other potential impacts, such as changes in accounting standards, impairments or unusual items, which could have a material impact on GAAP reported results for the applicable guidance period. CenterPoint Energy is unable to present a quantitative reconciliation of forward-looking Utility EPS because changes in the value of ZENS and related securities, future impairments, and other unusual items are not estimable as they are highly variable and difficult to predict due to various factors outside of management’s control.

A reconciliation of adjusted consolidated debt to total debt, net and a reconciliation of adjusted total parent debt to total parent debt, net is provided in this presentation in the appendix. CenterPoint Energy is unable to present a quantitative reconciliation of forward-looking consolidated debt to total debt, net or a reconciliation of adjusted total parent debt to total parent debt, net because of changes in the value of ZENS and related securities and other items are highly variable and difficult to predict due to various factors outside of management's control. Management evaluates the Company's financial performance in part based on Utility EPS, adjusted consolidated debt and adjusted total parent debt. Management believes that presenting these non-GAAP financial measures enhances an investor's understanding of CenterPoint Energy’s overall financial performance by providing them with an additional meaningful and relevant comparison of current and anticipated future results and leverage across periods. Management believes that each of adjusted consolidated debt and adjusted total parent debt is an important measure to monitor leverage and credit ratings and evaluate the Company’s balance sheet. The adjustments made in these non-GAAP financial measures exclude items that management believes does not most accurately reflect the Company’s fundamental business performance. These excluded items are reflected in the reconciliation tables, where applicable. CenterPoint Energy's Utility EPS, adjusted consolidated debt and adjusted total parent debt non-GAAP financial measures should be considered as a supplement to, and not as a substitute for, or superior to, diluted earnings per share, total debt, net and total parent debt, net, which respectively are the most directly comparable GAAP financial measures. These non-GAAP financial measures also may be different than non-GAAP financial measures used by other companies.
TAKEAWAYS FROM Q3 2020 EARNINGS CALL

High end of 5%-7% guidance basis Utility EPS growth target (1)

$16B+ capital investment plan ($3B increase)

~10% rate base CAGR (2)

Investment in renewables

Sale of 1-2 gas LDCs

1% - 2% annual reduction in O&M (3)

Improved balance sheet optionality

Enable investment evaluation

Notes: Refer to slide 2 for information on forward-looking statements and slide 3 for information on 2020 guidance basis Utility EPS assumptions and non-GAAP measures.

(1) Refers to guidance basis Utility EPS annual growth rate over 2021 – 2025
(2) Refers to CNP Rate Base CAGR target from 2020E to 2025E
(3) Inclusive of Houston Electric, Indiana Electric Integrated and Natural Gas Distribution business segments. Excluding utility costs to achieve, severance costs and amounts with revenue offsets

OUR VALUE PROPOSITION

Delivering industry-leading guidance basis Utility EPS growth of 6% - 8% (1)

Achieving exceptional rate base CAGR of ~10% (2)

Serving fast-growing regions of the U.S.

Reducing O&M (3) 1% - 2% annually via continuous improvement

Taking a leading stance on ESG with coal retirements and renewable hydrogen pilots

Selling 2 Gas LDCs to efficiently recycle capital to fund growth

Focusing on balance sheet optimization

Working towards minimizing exposure to midstream

Note: Refer to slide 2 for information on forward-looking statements and slide 3 for information on guidance basis Utility EPS assumptions and non-GAAP measures.

(1) Refers to guidance basis Utility EPS annual growth rate for 2021 – 2025

(2) Refers to CNP Rate Base CAGR target from 2020E to 2025E

(3) Inclusive of Houston Electric, Indiana Electric Integrated and Natural Gas Distribution business segments. Excluding utility costs to achieve, severance costs and amounts with revenue offsets
New Model

Jason Wells
EVP and Chief Financial Officer
NEW MODEL, NEW PLAN….  

Utility Investment - Grow  
- $16B+ five-year capital investment plan  
- ~10% five-year rate base CAGR \(^{(1)}\)  
- Increasing annual guidance basis Utility EPS growth to 6% - 8% \(^{(2)}\)

Operational Excellence – Accelerate  
- 1%-2% annual O&M reductions \(^{(3)}\)  
- Productivity and continuous improvement mindset  
- Technology improvements

Constructive regulation  
- Beneficial recovery mechanisms reduce regulatory lag  
- Nearly 75% of capital recovered through mechanisms  
- Earning at-or-near allowed ROEs

Customer Growth – Organic  
- 1% to 2%+ growth service territories  
- Strong economic activity  
- Provides “headroom”

……DELIVERING IMPROVED SERVICE FOR CUSTOMERS AND IMPROVED RETURNS FOR SHAREHOLDERS.

Note: Refer to slide 2 for information on forward-looking statements and slide 3 for information on guidance basis Utility EPS assumptions and non-GAAP measures.  

\(^{(1)}\) Refers to CNP Rate Base CAGR target from 2020E to 2025E  
\(^{(2)}\) Refers to guidance basis Utility EPS annual growth rate for 2021 – 2025  
\(^{(3)}\) Inclusive of Houston Electric, Indiana Electric Integrated and Natural Gas Distribution business segments. Excluding utility costs to achieve, severance costs and amounts with revenue offsets
Kenny Mercado
SVP of Electric Utility
PREMIUM JURISDICTIONS WITH GROWTH RUNWAY….

**Value Proposition**

- Robust capital investments serving:
  - Strong customer growth
  - Modern resiliency needs
- Significant renewable developments
- Constructive regulatory recovery mechanisms
- Strong, consistent O&M discipline
- Continued focus on safety and reliability

**Houston Electric**

- ~2.6M Metered Customers
- 3,500+ mi of Transmission Line
- 55,000+ mi of Distribution Line
- ~1/4 of ERCOT Summer Peak load

**Indiana Electric**

- ~150k Metered Customers
- 1,000+ mi of Transmission Line
- 7,000+ mi of Distribution Line
- ~1,300 MW of Generation Capacity

---

**Note:** Refer to slide 2 for information on forward-looking statements. Customer data as of September 30, 2020; Operational data as of December 31, 2019.

---

**RESILIENT, RELIABLE, AND CLEANER.**
10 STRAIGHT YEARS OF ANNUAL CUSTOMER GROWTH OF 2%+ \(^{(1)}\) ….

Note: Refer to slide 2 for information on forward-looking statements.

\(^{(1)}\) Refers to compound annual growth rate of Houston Electric’s metered customer counts

\(^{(2)}\) Houston Electric, from 2016 to 2019

---

**Houston Electric**

- \(~4,500\text{ GWh throughputs increase}\) in commercial and industrial customers \(^{(2)}\)
- The Texas Medical Center – the 8th largest business district in the U.S. – continues to expand
- Increased industrial demand
- 29 new or upgraded substations planned from 2021 – 2025
- Bailey to Jones Creek is a 55-mile, $483M transmission project expected to be energized by the end of 2021

---

**Core Utility Platforms - Electric**

---

**DRIVES A ROBUST PIPELINE OF CAPITAL EXPENDITURES.**
CONTINUED IMPROVEMENT ON RELIABILITY AND RESILIENCY….

- Storm threat in the Gulf Coast:
  - 8 major storms in 2020
  - Responded to all mutual assistance requests

- Storm-resilient system:
  - Cable and pole inspection and replacement program
  - Condition-based replacement for substation breakers and transformers
  - Upgrade aged 69kV transmission lines to 138kV

- Hardening programs:
  - Intelligent grid restoration technology
  - Increased wind loading standards for pole structures
  - Focus on safety of workforce, systems, customers, and others

…IS THE HEART OF OUR BUSINESS.

Note: Refer to slide 2 for information on forward-looking statements. Top image from NASA; tracking data from National Hurricane center.
**COMMITMENT TO DELIVERING CLEANER ENERGY…**

**Texas:**

- Enabling **11 utility scale solar projects** in greater Houston area by 2022
- Anticipating **more renewable projects** to come online in 2023 and beyond
- Driving significant **expansion of existing transmission infrastructure**

**ENHANCES OUR CAPITAL INVESTMENT PIPELINE.**

---

Note: Refer to slide 2 for information on forward-looking statements.
LONG-TERM PIPELINE OF RENEWABLE OPPORTUNITIES…

80% Reduction in Coal generation by 2025

...DELIVERS CLEANER, GREENER, MORE COST-EFFECTIVE ENERGY FOR OUR CUSTOMERS IN INDIANA.

Note: Refer to slide 2 for information on forward-looking statements.

(1) Labels on bar chart represent Installed Capacity (ICAP) values. Anticipate Midcontinent Independent System Operator (MISO) accreditation of ~25% for solar and ~9% for wind in 2025.

(2) As a percentage of total generation portfolio.

(1) Refers to 2020E – 2024E Five-year Capital Expenditure plan, CNP Rate Base CAGR target from 2019E to 2024E, and guidance basis Utility EPS annual growth rate for 2021 – 2025 per previous guidance

(2) Refers to 2021E – 2025E Five-year Capital Expenditure plan, CNP Rate Base CAGR target from 2020E to 2025E, and guidance basis Utility EPS annual growth rate for 2021 – 2025 per current guidance

…..STRONGER, MORE PREDICTABLE.
Dave Lesar
President and CEO
Key Takeaways

OUR VALUE PROPOSITION

- Delivering *industry-leading guidance basis Utility EPS growth* of 6% - 8% (1)
- Achieving *exceptional rate base CAGR* of ~10% (2)
- Serving *fast-growing regions* of the U.S.
- Reducing O&M (3) 1% - 2% annually via *continuous improvement*
- Taking a *leading stance on ESG* with coal retirements and renewable hydrogen pilots
- Selling 2 Gas LDCs to *efficiently recycle capital* to fund growth
- Focusing on *balance sheet optimization*
- Working towards *minimizing exposure to midstream*

Note: Refer to slide 2 for information on forward-looking statements and slide 3 for information on guidance basis Utility EPS assumptions and non-GAAP measures.

(1) Refers to guidance basis Utility EPS annual growth rate for 2021 – 2025
(2) Refers to CNP Rate Base CAGR target from 2020E to 2025E
(3) Inclusive of Houston Electric, Indiana Electric Integrated and Natural Gas Distribution business segments. Excluding utility costs to achieve, severance costs and amounts with revenue offsets.

**Adjusted Total Parent Debt to Adjusted Consolidated Debt** 37%

---

**Note:** Refer to slide 3 for information on non-GAAP measures.

* The transition and system restoration bonds are serviced with dedicated revenue streams, and the bonds are non-recourse to CenterPoint Energy and CenterPoint Energy Houston Electric.

** The debt component reflected on the financial statements was $16 million as of September 30, 2020. The principal amount on which 2% interest is paid was $828 million on September 30, 2020. The contingent principal amount was $61 million as of September 30, 2020.

At maturity or upon redemption, holders of ZENS will receive cash at the higher of the contingent principal amount or the value of the reference shares of AT&T and Charter Communications, Inc.
