REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Member of
CenterPoint Energy Houston Electric, LLC

We have examined management's assertion that CenterPoint Energy Houston Electric, LLC (the "Company") has complied, in all material respects, as of and for the year ended December 31, 2011, with the established minimum servicing standards applicable to CenterPoint Energy Transition Bond Company II, LLC for the Transition Property Servicing Agreement dated December 16, 2005 described in the accompanying Management's Assertion of Compliance with Servicing Standards dated March 27, 2012, including Appendix I thereto. Management is responsible for the Company's compliance with those minimum servicing standards. Our responsibility is to express an opinion on management's assertion about the Company's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, as adopted by the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with its minimum servicing standards and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Further, an examination is not designed to detect noncompliance arising from errors that may have occurred prior to the period specified above that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report. Our examination does not provide a legal determination on the Company's compliance with its minimum servicing standards.

In our opinion, management's assertion that the Company complied, in all material respects, with the aforementioned minimum servicing standards as of and for the year ended December 31, 2011, is fairly stated based on the criteria set forth in the aforementioned Appendix I.
