REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

CenterPoint Energy Savings Plan

We have audited the accompanying statements of net assets available for benefits of the CenterPoint Energy Savings Plan (Plan) as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the year ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CENTERPOINT ENERGY SAVINGS PLAN
Notes to Financial Statements
December 31, 2007 and 2006

1. Description of the Plan

The following description of the CenterPoint Energy Savings Plan (Plan) provides only general information. Participants (as defined below) should refer to the Plan document for a more complete description of the Plan's provisions. In the case of any discrepancy between this summary and the Plan document, the Plan's provisions will govern.

(a) General

The Plan is a defined contribution plan established in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants include all employees of CenterPoint Energy, Inc. (Company or CenterPoint Energy) and those subsidiaries and affiliates of the Company that have adopted the Plan except (a) employees covered by a collective bargaining agreement unless such agreement provides for participation in the Plan, (b) leased employees, (c) independent contractors or (d) non-resident aliens who receive no U.S. sourced income (Participants).

(b) Contributions

Active Participants may contribute, on a pre-tax or after-tax basis, up to 16% of eligible compensation, not to exceed the Internal Revenue Service (IRS) compensation limit as defined in the Plan. Active Participants age 50 or over may contribute an additional pre-tax contribution up to a total amount of \$5,000 for 2007; however, the Company does not provide the basic match or the discretionary match on such "catch-up" contributions. Participants may also contribute amounts representing rollover eligible distributions from other defined benefit or defined contribution plans, IRC Section 403(b) annuity plans, IRC Section 457 governmental plans or conduit Individual Retirement Accounts that have been holding a distribution from a qualified plan. Participants direct their contributions into the various eligible investment options offered by the Plan.

Effective January 1, 2008, the Plan has been amended to include an automatic enrollment provision (Automatic Enrollment). An employee who is initially employed by the Company on or after January 1, 2008 shall automatically be enrolled in the Plan to make pre-tax contributions. An employee who has been automatically enrolled shall be deemed to have elected to defer pre-tax contributions (Automatic Contribution). The initial pre-tax contributions shall be three percent of the employee's eligible compensation on a payroll period basis for a period of 12 months beginning immediately following the commencement date of the Automatic Contribution. The contribution percentage is increased by an increment of one percent for each subsequent 12-month period up to six percent of compensation on a payroll period basis.

A notice will be provided to all employees who have been automatically enrolled in the Plan (Automatic Enrollment Notice). In general, an employee shall have at least 30 days after receiving the Automatic Enrollment Notice to elect not to make any pre-tax contributions or choose a different contribution percentage.

Contributions, including all related employer matching contributions, made under the Automatic Enrollment provision of the Plan will be invested in the default investment fund as defined in the Plan. Employees may elect to change the Automatic Contribution percentage and/or direct the contributions to any of the investment options offered under the Plan at any time after the commencement of the Automatic Contribution.

In general, the employer matching contribution is 75% of the first six percent of eligible compensation that the Participant contributes into the Plan. Additional discretionary matching contributions may be made of up to 50% of the first six percent of eligible compensation that the Participant contributes to the Plan. All employer matching contributions (including the discretionary match) are fully vested at all times.

Participants may elect to invest all or a portion of their contributions to the Plan in the Company Common Stock Fund. In addition, Participants may elect to have dividends paid on their investment in Company common stock either reinvested in the Company Common Stock Fund or paid to them in cash, and they can transfer all or part of their investment in the Company Common Stock Fund to the other investment options offered by the Plan. Employer contributions are made in the form of cash and are invested in accordance with Participant elections.

Contributions are subject to certain limitations.

CENTERPOINT ENERGY SAVINGS PLAN
Notes to Financial Statements
December 31, 2007 and 2006

(c) Investment Options

The Plan offered the following investment funds (Funds):

- Company Common Stock Fund
- Large Company Growth Fund
- Large Company Value Fund
- International Equity Fund
- Balanced Fund
- Fixed Income Fund
- Stable Value Fund
- S&P 500 Index Fund
- Small Company Fund
- Vanguard Target Retirement Income Fund
- Vanguard Target Retirement 2005 Fund
- Vanguard Target Retirement 2015 Fund
- Vanguard Target Retirement 2025 Fund
- Vanguard Target Retirement 2035 Fund
- Vanguard Target Retirement 2045 Fund

Effective January 1, 2008, the following investment funds were added to the Plan:

- Vanguard Target Retirement 2010 Fund
- Vanguard Target Retirement 2020 Fund
- Vanguard Target Retirement 2030 Fund
- Vanguard Target Retirement 2040 Fund
- Vanguard Target Retirement 2050 Fund

Upon enrollment in the Plan, Participants may direct contributions (as permitted), in one percent increments, in any of the investment options. Participants should refer to the Plan prospectus for a detailed description of each investment fund.

In addition to the Funds listed above, Participants with balances in the REI Stock Fund as of December 29, 2006 were liquidated and transferred to the Stable Value Fund in 2007.

(d) Participant Accounts

Individual accounts are maintained for each Participant. Each Participant's account is credited with the Participant's contributions and with allocations of the Company contributions and Plan earnings. Each Participant's account is also charged with an allocation of administrative expenses. Allocations are based on Participant account balances. A Participant is entitled to their vested account balance.

(e) Vesting and Forfeitures

Participants are immediately 100% vested in all contributions and actual earnings thereon. As a result, there are no forfeitures.

CENTERPOINT ENERGY SAVINGS PLAN
Notes to Financial Statements
December 31, 2007 and 2006

(f) Participant Loans

A Participant may borrow against their vested account balance. The maximum amount that a Participant may borrow is the lesser of (a) \$50,000, reduced by the excess, if any, of the highest outstanding balance of loans to the Participant from all plans maintained by the Company or an affiliated entity during the one-year period ending on the day before the date on which such loan is made, over the outstanding balance of loans from the Plan on the date on which such loan is made or (b) 50% of the value of the Participant's vested account balance under the Plan.

The loans are to be secured by the pledge of a portion of the Participant's right, title and value of the Participant's vested account balance under the Plan as determined immediately after the loans are made. Loans may be repaid over a period of up to five years and are subject to a \$25 origination fee. The minimum loan amount is \$500. Interest rates are fixed at the prime rate listed in The Wall Street Journal for the first of each month in which the loan is requested plus one percent. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant loans fund.

(g) Payment of Benefits

Upon termination, a Participant whose account exceeds \$1,000 may elect, upon written request at any time, to receive a distribution in a single lump sum payment or fixed monthly, quarterly, semi-annual or annual installments over a period of ten years or less. Such distributions are generally paid in the form of cash; however, if the Participant has investments in the Company Common Stock Fund, the Participant may elect to have an in-kind distribution of those funds.

Generally, to the extent a Participant has not requested a distribution by the time he or she reaches age 70 1/2, required minimum distributions will be made consistent with the terms and conditions of the Plan and the requirements of the IRC. Immediate lump sum distributions are made for accounts which do not exceed \$1,000.

A Participant who is under age 59 1/2 may make a withdrawal from amounts attributable to after-tax contributions and, if applicable, rollover contributions in the Plan and associated earnings. A Participant who is under age 59 1/2 and has less than five years of service who withdraws matched after-tax contributions will be suspended from Plan participation for six months. A Participant who is age 59 1/2 or older may make unlimited withdrawals from pre-tax contributions, after-tax contributions, vested portion of prior Plan accounts, rollover account and the associated earnings.

(h) Administration

The assets of the Plan are held in trust by The Northern Trust Company (Trustee). Hewitt Associates is the recordkeeper for the Plan. The Benefits Committee of CenterPoint Energy, Inc. (Committee), appointed by the Board of Directors of the Company, is the Plan Administrator (Plan Administrator). The Committee retains an independent investment consultant to provide investment advice with respect to the funds. The fees charged by the Trustee, recordkeeper and the investment consultant are paid by the Trustee out of the funds.

(i) Termination of the Plan

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA and must give written notice to the Trustee.

2. Summary of Accounting Policies

(a) Use of Estimates and Basis of Accounting

The preparation of financial statements under the accrual basis of accounting in conformity with generally accepted accounting principles requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

CENTERPOINT ENERGY SAVINGS PLAN
Notes to Financial Statements
December 31, 2007 and 2006

(b) Investment Valuation and Income Recognition

The Plan recognizes net appreciation or depreciation in the fair value of its investments. Investments are reflected at fair value in the financial statements, except for fully-responsive investment contracts which are stated at contract value. The fair value for securities are based on quoted market prices in an active market. Fair value for mutual and institutional funds is determined using the net asset value of each fund as of the financial statement dates. Security transactions are recorded as of the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are valued at cost, which approximates fair value.

As described in Financial Accounting Standards Board (FASB) Staff Position AAG INV-1 and SOP 94-4-1, "Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans" (FSP AAG INV-1 and SOP 94-4-1), investment contracts held by a defined contribution plan are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution attributable to fully benefit-responsive investment contracts, because contract value is the amount Participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by FSP AAG INV-1 and SOP 94-4-1, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract-value basis.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) New Accounting Pronouncements

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value, expands disclosures about fair value measurements and applies to reporting periods beginning after November 15, 2007. Based on current assets held by the Plan, the Plan's management does not expect the adoption of SFAS 157 to have a material impact on the Plan's financial statements.

3. Investments

The following presents investments that represent five percent or more of the Plan's net assets available for benefits.

	December 31,	
	2007	2006
Company common stock, 20,511,903 and 22,728,974 shares, respectively	\$351,368,898	\$376,846,389
Barclays Global Investors Equity Index Fund, 6,997,313 and 6,881,452 shares, respectively	153,101,219	142,583,687
Dwight Target 2 Fund, 5,366,503 and 4,785,929 shares, respectively	90,488,518	76,177,489
PIMCO Total Return Fund, 8,184,117 and 7,159,992 shares, respectively	87,488,217	74,320,722
Advisors Inner Circle LSV Value Equity Fund, 4,114,156 and 3,800,880 shares, respectively	70,763,476	72,748,848
Barclays Global Investors Russell 1000 Value Fund, 2,907,204 and 4,592,459 shares, respectively	46,864,125	74,030,437

CENTERPOINT ENERGY SAVINGS PLAN
Notes to Financial Statements
December 31, 2007 and 2006

As detailed above, the Plan has significant holdings of Company common stock. As a result, the values of the Plan's investments may be materially impacted by the changes in fair value related to this security.

During 2007 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common stocks	\$ 15,282,798
Common or collective trusts	26,403,504
Mutual funds	<u>16,696,017</u>
Total investment appreciation	<u>\$58,382,319</u>

Stable Value Fund

The Stable Value Fund has investments in synthetic guaranteed investment contracts (Synthetic GICs). Synthetic GICs are investment contracts issued by an insurance company or bank, backed by a portfolio of short-term and intermediate term fixed income investments that are owned by the fund. The underlying assets are maintained separate from the contract issuer's general assets by a third-party custodian. The contracts provide that realized and unrealized gains and losses on the underlying assets are not reflected immediately in the net assets of the fund, but rather are amortized, usually over the time to maturity or the duration of the underlying investments, through adjustments to the future interest crediting rate. The issuer guarantees that all qualified Participant withdrawals will occur at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rates for Synthetic GICs are reset quarterly and are based on the market value of the underlying portfolio of assets backing these contracts. Inputs used to determine the crediting rate include each contract's portfolio value, current yield to maturity, duration and market value relative to the Synthetic GICs book value. Crediting rates for Synthetic GICs cannot be less than zero.

During 2007 and 2006, the average yields for the Synthetic GICs were as follows:

	<u>2007</u>	<u>2006</u>
Based on actual earnings	5.48%	5.47%
Based on the interest rate credited to Participants	4.80%	4.92%

Benefit-responsive investment contracts are designed to preserve capital and provide a stable crediting rate. Such contracts are fully benefit-responsive and provide Participant initiated withdrawals to be paid at contract value. Such contracts provide that withdrawals associated with certain events not in the ordinary course of fund operations may be paid at market rather than contract value. Examples of such circumstances may include significant plan design changes, complete or partial plan terminations, severance programs, early retirement programs, the closing or sale of a subsidiary, bankruptcy of the plan sponsor or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of the above events that would limit the Plan's ability to conduct transactions with Participants at contract value is probable.

Contracts associated with Synthetic GICs are evergreen agreements with termination provisions. Accordingly, such agreements permit the Plan's investment manager or issuer to terminate upon notice at any time at market value and provide for automatic termination of the contract if the book value or the market value of the contract equals zero. The issuer is not excused from paying the excess contract value when the market value equals zero. Contracts that permit the issuer to terminate at market value generally provide portfolio guidelines and transition provisions intended to result in the contract value equaling the market value of the portfolio by such termination date. Non-adherence to the guidelines and provisions may result in the settlement of the contract at market value; however, the Plan Administrator does not believe the occurrence of these circumstances is probable.

CENTERPOINT ENERGY SAVINGS PLAN
Notes to Financial Statements
December 31, 2007 and 2006

4. Risks and Uncertainties

The Plan provides for investments in Company common stock, various mutual funds and other investments. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and Participant account balances. Rates of return will vary, and returns will depend on the market value of the Plan's investments.

5. Tax Status

The IRS has determined and informed the Company by letter dated April 2, 2001 that the Plan is qualified and the trust fund established is tax-exempt under the appropriate sections of the IRC. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator and the Plan sponsor's counsel believe these amendments have not adversely affected the Plan's qualified status and the related trust's tax-exempt status as of the financial statement date.

6. Related Party Transactions

During 2007, the Plan purchased and sold shares of the Company's common stock and units of short-term investment funds managed by the Trustee as temporary investments (party-in-interest transactions) as shown below:

Purchases	Company common stock	\$ 56,301,997
	Northern Trust collective short-term investment fund	557,316,741
Sales	Company common stock	\$ 91,663,986
	Northern Trust collective short-term investment fund	560,138,453

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements to Form 5500:

	<u>2007</u>	<u>2006</u>
Net Assets Available for Benefits per the financial statements	\$ 1,428,947,042	\$ 1,384,703,049
Adjustment from contract value to fair value for fully benefit-responsive contracts	(853,123)	(2,210,402)
Net Assets Available for Benefits per Form 5500	<u>\$ 1,428,093,919</u>	<u>\$ 1,382,492,647</u>

The following is a reconciliation of the Changes in Net Assets Available for Benefits per the financial statements to Form 5500 for the year ended December 31, 2007:

Increase in Net Assets Available for Benefits per the financial statements	\$ 44,243,993
Adjustment to reverse fair value adjustment for fully benefit-responsive contracts related to prior year	2,210,402
Adjustment from contract value to fair value for fully benefit-responsive contracts	(853,123)
Increase in Net Assets Available for Benefits per Form 5500	\$ 45,601,272

CENTERPOINT ENERGY SAVINGS PLAN
Notes to Financial Statements
December 31, 2007 and 2006

8. Excess Contributions

Benefit payments of \$129,578,982 for the plan year ended December 31, 2007 include distributions of \$241,994 made to certain Participants to refund excess deferral contributions to satisfy the relevant nondiscrimination provisions of the Plan for the prior year. The Plan also expects to refund approximately \$250,000 in 2008 related to excess contributions for plan year 2007.
